

1. Why only 60% of UG1 2018 attended felicity?

Some answers by Students:

- Because seniors were forcing to participate.
- Because people went to their home or they preferred to sleep or they are not interested.
- More participation in the night.

My opinion is that it was wrong to force someone. Let others do what they like. I didn't attend felicity because those three days were the opportunity for me to do what I like otherwise we don't get time because most of the time goes in attending lectures.

Three topics that I would like to be discussed:

- Citizen Amendment Bill (because I don't know much about this and want to know more.)
- Ragging and Seniors forcing Juniors to do their work and Action taken by IIIT against Ragging.
- 85% Attendance Policy
